News Update
September'2015

"abhaya is like a rain cloud which goes on down pouring without bothering whether it is raining on the stone or on the mud or in the field or in the garden. When abhaya has love in abundance, it simply goes on sharing and showering it all over. Anyone who is receptive of such love will be able to take it irrespective of religion, region, season, caste, creed, colour, gender, etc., for their own refinement!" - CS B Kirankumar Gupta, Company Secretary

About abhaya News Update:

The effort behind making every news update of abhaya month after month, extra ordinary since a decade now. There is a TEAM silently work on pooling the data, updates, reports, photos, feedbacks, quotes, donations etc., for a 30 days period every time. Then the Volunteers sit for designing the news update during night times post their office hours. This would go on for at least 5 days... 30 man hours! Then alone a spectacular news update is published. Thereafter, a team of volunteers will start posting the news update to 20,000 abhaya donors, well wishers, supporters, corporates, NGOs and others across the globe in the first week of every month, further it would posted in FB, Whats App, abhaya web links, Blog and Twitter, reaching another 20,000 people. All these things happening without a break since 2006.

Request each reader of this news update be aware of such an effort behind bringing such piece of heart "the abhaya news update" so that there would be love, care, consideration in understanding what is happening at abhaya with their kind support. That would surely pave the way for making a heavenly difference to their association with abhaya.

We will be happy to have your kind feedback for the news update. Further will be grateful if you can share this news letter with your near and dear and seek their support too!!

Visit to Tumkuru

made abhaya receiving the divine blessings of
Padmabhushan Dr Sivakumara Swamiji
(COVER STORY)

CA Raghavendra, Chartered Accountant belong to a great business community of Tumkuru inspired by activities of abhaya Foundation approached CS G Thirupal, Trustee and others for a session for students of Tumkuru. He very caringly designed an event for High

School/Junior/Degree/PG College Students of Vidya Vahini Educational Institutions of Tumkuru. On the other hand, abhayans at Bengaluru teamed up to spare their one working day for the sake of young communities of Tumkuru.

Knowing about the passionate work of all the abhayans at Karntaka in serving the students, the Founder decided to reschedule his travel plans and reached Tumkuru after 20 hrs journey from Khammam in Telangana after addressing the gathering at Teacher's day celebrations organised by VIHE, Khammam on 6th September.

Visiting CA Raghavendra and his parents

The family of CA Raghavendra, received the team with lots of love and care. Founder along with other team

offered their respects to the aged parents of CA Raghavendra who were involved in lots of community work in the city since ages.

Session with Degree Students

The team proceeded to Vidyavahini College Campus...where in thousands of students were waiting for the session. It was almost 4 hrs session titles "I Born to Succeed" perfectly handled by the Founder in his inevitable style and innovative way involving, abhayans from Karnataka, Sarvasree CS G Thirupal, CS Geetha Shashidhar & CS Chandra Sekhar on one hand and the teachers and students on the other hand. It was energetic session for all the students who gathered. No one bothered to take a break in 4 hrs long session... it was slightly drizzling, still everyone was embrace with electrifying talk given by the Founder.

Each of the speakers who travelled from Bengaluru equally felt happy about they, spending time with youngsters of city. They too did their best leaving a incredible marks in the hearts of students. There were emotional faces all over listening to the talks. At last the team felt that it is a great work happening in the country with spirit of abhaya... paving the way for fearlessness.

Session with High School Students

Post having the quick meal at the College campus the team proceeded to a Vidya Vahihi High School in the city... where hundreds of class X Students were waiting. Due to communication gap the teachers and Principal could not understand the purpose of the visit. Students were waiting for more than 2 hours by the time abhaya team arrived at their campus. Founder took charge of the session and he briefly spoke about life skills to the students. Though students were inspired... teaching staff to be seen misunderstood the talk. Nevertheless it was a learning for each one in the team.

Visit to Siva Sikshanaika Sevaashram

The team later proceeded to Siva Sikshanaik Sevaashram in the outskirts of the city. Where Lepakshaiah, a ret'd forest dept employee running an orphanage with the support of his family members. Founder with abhayans interacted with about 150 small kids over there. It was a site to see and enjoy... in spite of downpour in the village...no current in the campus... the kids were so energetic and enthusiastic in their attitude. abhaya handed over Rs.10,000/- for the benefit the orphanage and distributed snacks to all the students.

Visit to Sidhaganga Muth

Thereafter, the team had wonderful tiffin at Hotel Dwaraka... proceeded to have darshan of Dr Sivakumara Swamiji at HIS Aashram. Though the team planned for yet another session at Swamiji Aashram for HIS students, it was not materialized due to reasons beyond control. Everyone thought that at least having darshan of such holy man will do good for abhaya... so thinking proceeded to Aashram. By the time the team reached, the evening prayer session was concluded... thousands of kids (5-15 years) crossed us running back to their hostels for evening dinner... it was like seeing see of cows running in the fields reaching back their homes.

The team came to know that, Swamiji will stay at HIS Office granting darshan for general public for a while before going for rest for the day. Everyone eagerly with lots of excitement stood in line and slowly moved to the hall in side. It was a moment of divine feeling in the hearts of many on seeing the holy man who crossed 108 years and still able to manage the spiritual kingdom of Sidhaganga Muth since 75 years. No words can explain the experience. The Founder was emotional while touching HIS feet. The same feeling with everyone.

The team visited all the holy places in the Aashram and learned the back ground and history of ancient Sidhaganga Muth. Standing in the open air in the campus, the team was discussing as to how to go back to Bengaluru...

All merciful Padmabhushan Dr Sivakumara Swamiji granted personal audience to abhaya team

Shashidhar husband of CS Geetha reached out the team who are just planning to start back to Bengaluru, stating that he is able to seek the permission from the concerned to have a personal audience with Swamiji at his residence. This news made the hearts of abhayans dancing in ecstasy. As directed by the inmates of Aashram we reached the residence of Swamiji at around 8PM in the evening.

With lots of excitement and hearts filled with devotion... the team was waiting at the door step of Swamiji's resting home. Swamiji silently walked in to the inner room. We all thought it would be very well furnished home. For our surprise there is nothing in the room except a small stone bench with double folded blanket and pillow to rest the back on it. Swamiji sat on that. The team was asked to come nearer to Swamiji. The founder gained courage and briefly submitted the Mission of abhaya since 9 years and also introduced the team accompanied with him by their back ground.

The founder also submitted prayer at thy feet of Swamiji that if given opportunity to the team, they would conduct sessions all over Swamiji's Educational Institutions at Tumkuru. HE was very keenly heard everything and blessed everyone. Directed the team to go and meet the administrator of the Aashram and seek his guidance. Further instructed them to send a detailed document as to how the sessions will be done so that the team can visit the institutions.

The visit to Tumkuru especially to Sidhaganga Muth left life time memories in the hearts of each of the abhayan.

It is not about religion here what is to be noted... but the selfless love and

work which is happening under the direct supervision of a godly man. for abhaya where ever there is an opportunity of knowing about Service, it will reach out there like that of bees reaching out flowers to gain honey... the journey of abhaya is all about knowing service...talking service...doing service and finally living in service. - **abhaya TEAM**

Toyota Kirloskar Motor drives CSR programme across India

Toyota Kirloskar

Toyota Kirloskar Motor is increasing the scope of its activities with a focus on improving the lives of female students across the country. This recent sanitation project builds upon work which has continued since 2006, in which over 420 toilets have been installed in homes near the company's plant in Bengaluru, India, as well as six water purification units in

nearby villages which have influenced the lives of 50,000 local citizens. While Toyota's presence in India may have started with the manufacture and sale of cars, it now involves building deep and meaningful relationships with local communities. Toyota Kirloskar Motor (TKM), the company's Indian manufacturing and sales arm, is finding ways of improving lives around the country, and these efforts continue to expand and grow. Its corporate social responsibility (CSR) programme is now reaching across the country. In line with the core Toyota philosophy of achieving sustainable development of society, while providing employment to thousands of workers, TKM has made numerous contributions in the fields of education, health, hygiene, road safety, environmental issues, and skill development across the country.

Energy sector is the highest spender on CSR

Energy companies spent the highest on corporate social responsibility (CSR) initiatives in the year ended 31 March, the first year after rules were implemented requiring companies to spend 2% of their net profit on social development.

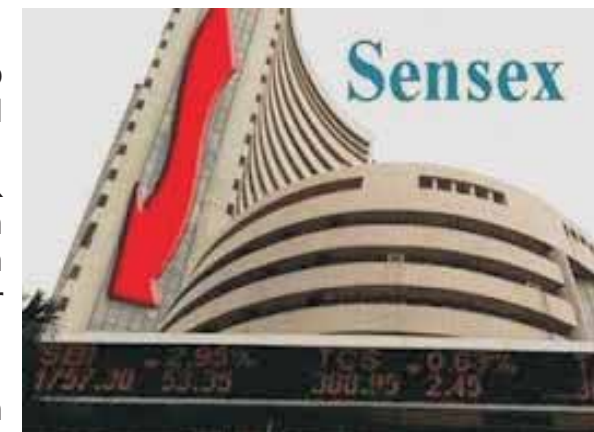

The energy sector was followed by financial services and IT when it came to firms that committed to CSR, according to data collected from the annual reports of 85 publicly traded companies by NextGen, a CSR management firm.

Consumer goods companies were, however, the only companies that exceeded the mandatory spending limit of 2% of annual profits. The telecom sector spent only Rs.51 crore, while it was expected to spend Rs.194 crore.

Sensex firms miss CSR threshold by 30%; only 7 firms comply

In a disappointing start to the much-touted CSR regime, a vast majority of the country's top blue-chip companies have failed to spend the minimum 2 per cent of profits on social responsibility activities in the first year by missing the target by one-third on an average. Collectively, the 30 Sensex companies are estimated to have spent about Rs 3,500 crore on CSR initiatives during the 2014-15 fiscal, when they were required to spend nearly Rs 5,000 crore on such activities under the new Companies Act. Together, they are estimated to have clocked a three-year-average net profit of Rs 2.5 lakh crore, of which they were required to spend 2 per cent on Corporate Social Responsibility (CSR).

Making the scorecard even worse, just seven of them could meet this two per cent threshold in time. These firms include Mukesh Ambani-led Reliance Industries, ITC, Mahindra and Mahindra, Wipro, Hindustan Unilever, Tata Steel and Coal India, while Infosys also managed to meet the target although after a delay by a few days for a small amount of Rs 3 crore. Interestingly, quite a few companies have also tried to defend their failure to meet the threshold with reasons like 'money already having been earmarked' and 'delays in getting requisite approvals for spending the prescribed amounts'. Quite a few public sector companies have also failed to meet the target.

Don't think CSR as charity: Balasubramaniam

R Balasubramaniam, founder of Swami Vivekananda Youth Movement told real estate developers not to think corporate social responsibility (CSR) as a charity or philanthropy towards the society but it's their responsibility towards community and environment.

He was speaking on CSR activities, participating in the 'STATECON-2015', a two days state level annual convention of Confederation of Real Estate Developers Association of India (CREDAI) organized Belagavi.

Balasubramaniam said in India, 54% children are suffering by malnutrition, 70% families don't have toilets, 65% people not getting potable drinking water, every third person is under poverty line, thousands of villages are yet to get school facility. This is all happening because 85% wealth of the country is generated and controlled by just 20% of people. There is huge gap that need to be bridged not by pulling down the rich but pushing up the poor, he said.

CSR spend How public & private sectors fared

Even though state-run companies had a five-year head start with respect to setting aside funds for corporate social responsibility (CSR) initiatives, they lagged behind their private sector peers in terms of the efficiency of spending on such efforts. Public sector companies spent only 66.7% of what they had to spend in the year ended 31 March while private companies spent 82% of the prescribed spend in the first year of mandatory CSR spending, according to showed data compiled by NextGen, a CSR management firm.

Under Companies Act of 2013, both public and private companies had to set aside 2% of their net profits. Earlier, public companies needed to set aside anywhere between 0.5% to 5% of net profits based on the profits of the company, according to the 2010 CSR guidelines issued by department of public enterprises.

Treat CSR benefactors as customers

The Crisil Foundation works mainly in two areas—financial inclusion and environmental conservation. The programme on environmental sustainability, Crisil RE, is directed towards employee volunteering and engagement, while the financial inclusion programme, 'Mein Pragati', focuses on empowering rural women by strengthening their financial capabilities. The need to focus on financial empowerment was realised during the development of Crisil's financial inclusion index, 'Inclusix', which measures inclusion levels at the national, state and district levels. Inclusix showed that India's northeastern states had the lowest level of financial inclusion, indicating a direct need for intervention in the region. For Pai, empowerment means "the ability of the person to choose the type of financial security best suited to them". Therefore, the Crisil Foundation moved forward with its agenda of imparting financial knowledge to women in six districts in Assam.

According to Pai, president of Crisil Foundation, the sine qua non for any business to thrive in the field of CSR is in-depth understanding and dedication. He adds, "From a corporate lens, the benefactors need to be perceived as 'customers' rather than as 'beneficiaries'. Extension of the client-comes-first principle of business into CSR would enable corporates to deliver solutions and services with greater efficiency based on the needs of the community." Additionally, he believes that if foundations too could incorporate a 'fundamentals of business' approach to CSR, the amalgamation of foundations and corporates would result in greater social good, reducing the inefficiencies in the sector. He recommends collaboration between corporates and implementation agencies, packaged with sensitivity and humility, to address the requirements of communities involved. He asserts that solving problems together as partners would bring a positive change towards CSR.

Apollo Tyres Awarded at the Asian CSR Awards 2015

At a glittering award ceremony held recently in Bangkok, Thailand, the Asian Forum on Corporate Social Responsibility (CSR) announced Apollo Tyres as the winner of the ASIAN CSR Awards 2015

under the Health Enhancement category. Apollo Tyres was chosen as the winner from 134 entries that came from 12 Asian countries in this category. M R Pridiyathorn Devakula, Former Deputy Prime Minister, Kingdom of Thailand presented the award to Sunam Sarkar, President Chief Business Officer, Apollo Tyres Ltd.

Apollo Tyres has been awarded for the continued and meaningful engagement with its stakeholders and adopting a unique Public Private Partnership (PPP) model for the implementation of its HIV-AIDS initiative, including sexually transmitted infections (STI). From customers to employees, to the supply chain partners — up and downstream — the company has invested substantial resources in the wellbeing of all its stakeholders. For ensuring longevity and widespread benefit of this initiative among the target population in India, Apollo Tyres has entered into strategic partnerships with government bodies, as well as, listed companies.

HDFC Bank rolls out its CSR campaign in Odisha

HDFC Bank Ltd has rolled out its educational film 'Dhanchayat' in Odisha. 'Dhanchayat' aims to raise awareness about the dangers of borrowing money from the unorganised sector, particularly in rural areas. This film has been launched under the aegis of 'Swachh Banking', the Bank's latest CSR (corporate social responsibility) initiative. 'Swachh Banking' aims to create a better understanding about clean and convenient banking available through the organised sector. Through the film, the bank aims to show the importance of transparency in financial dealings. It also talks of dignity and self-respect of the individual in the borrowing process.

HDFC Bank-branded Dhanchayat video vans will travel across East, West, South, North and Central India, covering thousands of villages across the country. The vans will stop at assembly points such as haats, bazaars, melas and village panchayats. In Bhubaneswar, the initiative was flagged off by Debasish Senapati,

zonal head (Odisha), HDFC Bank and P K Jena, regional director, Reserve Bank of India (RBI) - **Collected, compiled & reported by CS B Kirankumar Gupta, Member – abhaya Foundation**

Education, poverty eradication draw most firms' CSR funds

The government's efforts to reduce illiteracy, poverty and environmental damage have received a shot in the arm with companies focusing their corporate social responsibility (CSR) spending on similar activities.

Promoting education and eradicating poverty received the maximum funds in the year ended 31 March, according to the annual reports of the top 100 companies by market capitalisation on the National Stock Exchange of India (NSE) as analysed by NextGen, a Bengaluru-based CSR management firm. Of the 100 companies, the annual reports of 85 were available by 14 September, the analysts' cut-off date for accepting data.

An analysis of the 85 companies, carried out by CSR management firm NextGen, shows the favoured activities are promoting education, which received money from 80 companies; eradication of poverty and hunger, which came a close second with 79 companies; and ensuring environmental sustainability received funds from 57 firms.

abhaya Team shared thoughts with Sri Jalagam Venkat Rao, MLA, on skill development center, Kothagudem, Telangana State.

Dear Sri Jalagam Venkat Rao garu
We thank you from bottom of our heart for the good work you are doing in your constituency of Kothagudem as MLA. It is heartening to note your vision for the betterment of youth of communities connected to Kothagudem.

We at the outset, appreciate your vision and passionately willing to stand by you in accomplishing your vision for the betterment of youth with our teams connected to your district from abhaya FOUNDATION.

Following are the thoughts, we wish to share with you in regard to the inputs shared by you.

1. There is a need of putting in lots of effort in providing insights for students/youth/unemployed from today, 2. We need to have at least 200 committed volunteers drawn from Kothagudem Constituency, 3. These 200 people must be identified in the party/family/wellwishers/ teachers/ NGOs/ local youth associations etc., 4. We must have a Orientation Session for a day or two for making them to realize the Vision with which we are working, 5. at the end of the Session we must divide the entire 200 people in to 20 or 30 teams depending on areas they need to cover and they will be given training in required skill set. 6. On the other hand we must connect to the sources where we can generate employment in and around Kothagudem. 7. Also to work on which industry from state capital and major towns in Khammam Dist can support our trail of giving the unemployed youth with an opportunity of work. 8. These teams must campaign for scouting the unemployed youth in all the villages across the constituency (Villages, Major Cities, High Schools, Colleges, Engg Colleges etc.,) 7. While the campaign is on, we must organize a mega Job Mela for 1/2 days

in Kothagudem. 8. If possible we must bring NAC/DRDA/Skill Development Central Team/ Industries/ Govt Agencies/Dist Employment Officers/ Krishi Vignana Kendrams, JKC, etc., for the Job Mela for offering jobs to the eligible candidates. 9. Let us say, if 1000 people come and attend job mela, assuming about 200 people get employment through Job Mela... we will have an opportunity to work on rest of the 800 unemployed youth. 10 Based on the skill set needed, we can plan for conducting free courses on English, Presentation Skills, Communication Skills, Life Skills etc., for a month or so... 11. Again we can have Job Mela with these students. 12. All this will provide an insight as to how our Long Term vision of setting up of Manufacturing Units, Skill Development Centers etc., can be realised.

These thoughts are subject to further refinement. That is possible if the TEAM responsible for the project sit for a brain storming session. While we share our thoughts, we wish to reiterate that abhaya always willing to stand by you in building the Nation with skill development as we believe that this is the only way we can worship our Mother Land.

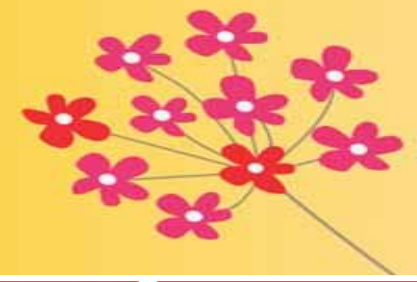

We at abhaya, wish to work with VIHE, Khammam and other like minded organisations who are ready to lend their hands in and around Khammam. Hoping that, we have done our duty for now as per your instructions in the said regard

Late night call to save the destitute @ Ibrahimpatnam

NTV reporter Mahendar called me in the night and informed about one destitute laying on roadside at Ibrahimpatnam. Madhu, Mahendar and I went to Ibrahimpathnam lake side and asked the old man, whether he wish to stay in Home or not, He nodded his head in acceptance as he was unable to speak to us. We took him to hospital for general check-up and found his health condition is normal, but he is mentally not stable. At around 11PM Raju, Madhu, Mahendar, Anjanna and I brought him to home. Raju gave dress to him. We cleaned him in the night and provided food. He ate and slept in home but he was shouting loud throughout night. We took him to Doctor and he suggested to admit him in Mental Hospital. Raju and Babji took him in ambulance to admit him in Mental Hospital but they need police report, court order and medical certificate. Raju took all those certificates and finally admitted him in the Hospital. But all these things were not so simple to do... there was obstructions in every single stage and level... but the passion with which abhaya put in effort in saving this old man was un matching. We salute Raju, abhaya Volunteer for spending 3days in this work. - **D Ramesh, Manager, abhaya Human Excellence**

The old couple wanted to beg and die:

Shobha and Bhaskar who are begging at road side identified by the Founder and arranged to be brought to abhaya Home. But Shobha was not comfortable with the discipline and environment at Home, as she is accustomed for free life. She doesn't have awareness to live in outside. After listening to her, I remember the words "you are responsible for your own destiny". Though Bhasker her aged husband was happy to stay there, she starting making noise to go to the roads again. We tried to council Shobha for about a week, not able to succeed in making her to know what life she is going to get out side, left them again on the same road with prayers for such people. Later both of them found again on the same traffic junction begging. - **D Ramesh, Manager, abhaya Human Excellence**

I was invited to train job applicants on "how to face interview board", we have screened 600 applications and good companies had come to pick them up, mostly for driving, security guards, Construction workers, and computer data entry jobs. This place is 55 Kms from our office and it was wonderful feeling to be with them. I have taken ownership of educating orphan Ravi, 5th standard child handicap but sharp boy. Thanking CS Kritika and CS Manoj for the direction. - **Neena Reddy, Global Director - HR, Clinasia, Hyderabad**

Vinaayakachavithi festival and Ravi birthday celebrate at ahoh

The inmates and staff celebrated Vinaayakachavithi at abhaya Home of Happiness. We gathered morning 7am and started performing rituals to Lord Vinaayaka under the guidance of the Founder. He chanted the mantras and explained us the meaning in Telugu. We all used to do pooja every year but don't know the meaning and purpose of that. Also, we celebrated birthday of Ravi, one of the inmate on the same day. We brought a cake for him. Ravi cut the cake and was very happy to celebrate his birthday at Home of Happiness.

Kameswara Rao

Sir, with great difficulty I managed to trace KMR's brother at Vizag - could speak to him for 20 minutes. He has absolutely and with great request, refused to honor anything to do with KMR, as he said KMR has bought great

miseries to this family from last 15 years... he said every single person has suffered, and all of them are better off if they don't see him. Personally he suffered a lot as his wife left him due to continues issues with KMR. He said his mother is ailing and does not want her to be disturbed, as she is recovering with his other sister in Kolkata

KMR's past is as bad as it can be imagined with him being in all kinds of wrong things - thats why everyone tried hard and gave up, and now no one wants to own him. As we also anticipated he had all vices and addictions due to which he neglected his wife and child and they were on the road. His brother in laws tried their best but gave up finally after spending lakhs on de-addiction centers.

But the bigger challenge for us as an organization is that we will NEVER know this in such cases, and once we know we cant do much . Now we cannot even throw out such cases back on to the road, or rather we must be mentally prepared to do so if the need arises. KMRs life is better lived away from them and at AHOH full time, and that reality has to dawn on him. I will explain to him in other words and try and get that in to his head. You are more experienced in this , so lets see what we can do together., but for now KMR is history. - **Srikanth, Member - abhaya Home**

3rd batch Driving Classes concluded for Unemployed Youth

abhaya has started 3rd batch Driving classes for unemployed youth at Ibrahimpatnam. This time, there were 10 members registered and they want to achieve their goals and dreams. This batch has passion to learn driving to develop their carrier. Naveen Reddy, Kusuma and I have taken classes to them about how to live in life and society and How to maintain personality in life? We had residential training for 10 days as per the scheduled. Further Yoga Classes conducted for driving batch. The Yoga teachers taught so many things along with dietary habits to have good health and avoid diseases etc. We thank Sri Krishna, abhaya Volunteer and the Yoga Teacher for their valuable time and training. - **D Ramesh, Manager, abhaya Human Excellence**

4th batch Residential Driving Classes started:

With help of Mahipal Reddy, we gave TV scrolling for 3 days about fresh driving batch in the home of happiness. We got about 100 calls asking for the details, so we asked all of them to attend for an interview on 15th September. About 45 people attended for the interview and we have short listed about 15 candidates for driving and 10 students for computer classes. We schedule to start the classes from 19th and asked them to join on the day. But due to Ganesh Chaviti, only 2 people turned up and another 4 members showed interest to join in life skills. From this experience, I feel thought they are unemployed, they don't have passion for their own career. -**D Ramesh, Manager, abhaya Human Excellence**

R&A Associates donated Furniture

R&A has sent the very useful furniture items to abhaya Home of Happiness (Manager Tables - 6, Cupboards for manager tables - 8, Big Tables - 2, Wall Mounting Cupboards - 2, Lights - 9 & Fans - 7) The partners were kind enough to lend their support to facilitate the ongoing good work at abhaya Campus. abhaya wish to convey its heartfelt gratitude to R&A Associates for their help. Special thanks to CS G Raghubabu, Founder Partner of R&A and also President, abhaya foundation who has taken initiative for the same - **D Ramesh, Manager, abhaya Human Excellence**

Aptude added value to Computer Center

abhaya donated 20 fans to Telangana Social Welfare Girls Hostel, Ibrahimpatnam:

The Principal of Nallakanche girls hostel requested abhaya to support them with fans for the comfort living of the girl students in the hostel rooms. abhaya Home team visited the hostel and found that there is a need for the fans, accordingly arranged for 20 good quality fans with in a week's time. Kusuma visited the hostel to hand over the fans to hostel in a brief meeting arranged by the Staff over there. Kusuma has taken personality development session for the girls taking FAN as subject matter. She did it so well and all the girls were very happy listening to her speech. She is the first inmate of home whose condition was very much bad about 2 years back... inspite of her disability she stood like a rock now at abhaya Home. - **D Ramesh, Manager, abhaya Human Excellence**

Hyundai Team Visited

Founder with CS R Ramakrishna Gupta had an opportunity to meet up with Hyundai team at their office at Hyderabad during last month. During the month of September, Sri Vijay & Sri Venu from Hyundai visited home and they completely amazed by the infrastructure and the works of abhaya. The team spoke to each and every person at home and also briefly interacted with driving batch students, explaining as to how they would short list drivers if in case there is a need. The Sr Driver from Hyundai also spoke to the students about the requirements from drivers in doing job. While leaving, they expressed their happiness and assured to provide their best support with their CSR Funds. - **D Ramesh, Manager, abhaya Human Excellence**

abhaya Home organized Job Mela on 22nd sep 2015

TMI team post visiting abhaya Home, shared the information with abhaya stating that they have more than 2000 vacancies and we accordingly decided to organise a Job Mela at abhaya Home on 22nd September. We just have three days time to propagate the message and tired our best to bring in 500 people at least. Many people said that it is not possible to bring in 500, as the time is less, but we never lost our confidence. Pulled the details of unemployed youth and send them a SMS informing the venue and timing. On the day, we have reached the target slowly. Abhaya volunteers prepared an application form and asked all the unemployed to fill it with necessary supporting document copies. Teams from NAC, TMI, HGS, CoWE, Clinasia, Kalanjali explained about various jobs and also free training courses available for the unemployed youth who gathered there from illiterate level to graduates. We explained them about abhaya and its works. Founder addressed them on how should we live and how to set a goals in life. Also

assured them that abhaya will be there with them till they get into a job. Those words gave confidence in them.

After lunch interviews were conducted by team and about 150 people were shortlisted in various companies/ Institutions for possible jobs/ job oriented tranings. It was a great success at the end and many unemployed were benefited from it. It's giving us lots of confidence to do more good work for unemployed youth in days to come.

There is huge human resource going wrongly untapped in the country.Come let's do our bit, share your thoughts about how you can associate with such Empowerment initiatives of abhaya. - **D Ramesh, Manager, abhaya Human Excellence**

Rohini & Venkat celebrated Niharika's 1st Birthday with a difference:

Niharika just 1 year baby celebrated her birthday at abhaya Home with inmates along with her parents and near and dear. She became a brand ambassador of abhaya at the age of 1 year. This is very good initiative for celebrations of birthdays at home as such things create good vibrations in the hearts of inmates and those who celebrate them as well. We really appreciate Venkat and Rohini, parents of Niharika for their wonderful thought of Celebrating their daughter's 1st Birthday with a difference. abhaya team decorated place for Niharika birthday. The family members visited entire campus and got to know the brief back ground of all inmates. They served food to inmates and founder has created positive impact with his presence though it was just for an hour with his magnificent speech. The visitors inspired by the work at abhaya Home pooled about Rs.20,000/- in support of abhaya Home. We thanked Venkat and Rohini for celebrating their kid's birthday with a difference. - **D Ramesh, Manager, abhaya Human Excellence**

Many accompanied Niharika in her very 1st Step towards serving the needy and society. The trip brought inspiration in most of their minds. Many parents felt that their children were experiencing a different phase from their routine day to day usual life. Even a slightest thought and understanding the happiness in service, among those who accompanied us in the step of ours will be a big happiness... abhaya Home of Happiness fulfilled our objective for Niharika's first birthday and made us experience the content through service. Saluting abhaya mission and the Founder - **Rohini Venkat, Clinical Research Associate, Hyderabad**

Internet connection

We were happy to connect the campus with internet connectivity but the signals were fluctuating due to interface problem and bad weather and later the net was not working for almost 2 months or so at abhaya Home. We tried to resolve the issue and finally decided to set up new antenna at Home. After the installation of new antenna, the signals are now good and we all are happy as our tireless effort brought us the result. All the credit goes to Anjanna, Ravi, Srikanth Reddy and Adil. We thank one and all for this wonderful work. - **D Ramesh, Manager, abhaya Human Excellence**

Team TMI visited abhaya Home.

TMI team members Vijay and Joseph visited abhaya Home and they interacted with driving batch students. We briefly explained them the schedule of driving and computer training batches. They very much inspired from the work happening at abhaya Home. They want to create a training centre at home of happiness, which intended to train unemployed youth in different sectors and create job sources to them. If it turns to reality, it will help many unemployed youth in and around Ibrahimpatnam. - **D Ramesh, Manager, abhaya Human Excellence**

I would like to thank you for inviting us to "Home of Happiness" and courtesies extended during our visit. I wish to appreciate the enormous effort and determination put in by you along with many other people to help the needy and the poor through various programs. With the interaction we had with the students and destitute, the incredible quality of training could be experienced. I would like to take this opportunity to emphasize that TMI group is also committed to help the empowerment of youth through various training and employment programs by transforming talent to impact lives.

Please find the below points discussed.

- Will affiliate abhaya as a sourcing partner with TMI for sourcing candidates to various profiles & the revenues will shared with abhaya
- All the vacancies available through our GHMC Employment program will be shared for the candidates (interested can apply)
- Trainings for the youth in and around colleges of Ibrahimpatnam can be taken up through our STEP IN program – Please suggest when can we start this program

- Training programs – Will keep you informed on the schedule of current and upcoming training programs, so that the youth can benefit from trainings.

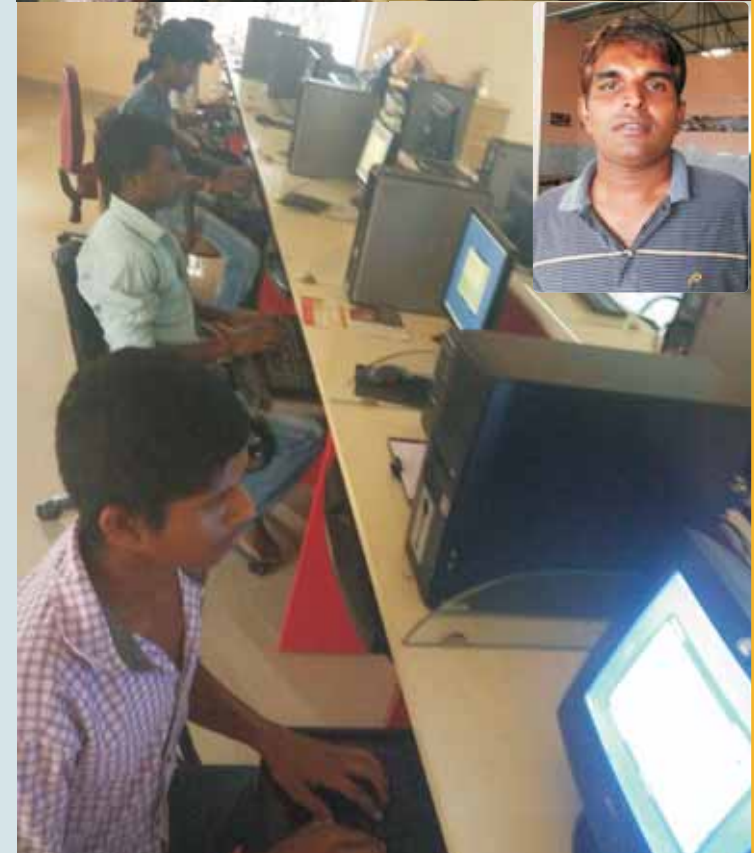

Furthermore will convey to our senior management about using your facility to conduct training programs if any.

- **Vijay, TMI, Hyderabad**

Naveen Reddy joined as Computer instructor at abhaya Home

Naveen Reddy, one of the long term volunteer of abhaya joined as Computer Instructor at abhaya Home for taking free computer training classes. He has a passion to teach computer to unemployed youth. We hope he will teach and also educate the unemployed youth.

Ms K Kavitha, Member of Parliament visited VDS

Member of Parliament from Nizamabad, Smt.K Kavitha D/o Sri K Chandra Sekhar Rao, Chief Minister of Telangana along with MLA of Ibrahimpatnam Sri Manchi Reddy Kishan Reddy visited Vinoba Nagar Development Society, to inaugurate Rural Milk Chilling Center and dairy form. The Founder was called on to the stage by Sri Rajendra Reddy, The chairman of VDS and introduced to the audience stating that many good projects were undertaken by abhaya Home under his leadership. Founder got brief chance to interact with the visiting dignitaries on the dais. He invited all the VIPs to pay a visit to Home which is just 5 minutes walk in the same campus, where as due to their pre occupation, they said that they will surely make it next time.

abhaya stood by its values: Initially Sri Rajender Reddy and his team visited home to arrange breakfast for the VIPs. Founder agreed to arrange the same at their request. Where as on the day of the event, it was found that the menu was of Non Vegetarian items which are not allowed in the campus as its Ashram. It was later decided to take the breakfast arrangements to the VDS Campus and thereby, we lost an opportunity to have VIPs at abhaya Home. However, we learned one wonderful thing from this experience "If our values are good and proper, believe in those values, respect them and never break those for any one." Also, I remember words of my Guru "if we delete VI from the Telugu word Jeevitham (LIFE), it becomes Jeetham (SALARY) the letter VI means Values... it says, not to loose values for the sake of name, fame and money". I feel great privilege to live with my guru and the founder who is walking the talk in his life. - **D Ramesh, Manager, abhaya Human Excellence**

an appeal

Let us not shed tears at someone's dire conditions of life...

Enough number of people has shed tears

Let us not be empathetic for the needy!

Many people showed concern in their own ways.

Let us not suggest ideas for the improvement for them.

Many more suggested and discussed ideas of uplifting the lives.

Enough is enough.

**All we need is ACTION,
NOW or NEVER.**

Come, Let us do our part for the betterment of our own fellow beings!

Thereby let us transform our self and live with a PURPOSE in LIFE

Healthcare Update

Mission Rambabu

Savithri, an associate of abhaya since 8 years. She is the only bread winner at home as her husband Rambabu is unwell and her son is pursuing higher studies. She hesitantly informed the Founder that her husband is admitted in the Star Hospital, Banjara Hills when he called her for some help.

Doctors informed that they found two blocks in the heart line, and he has to undergo urgent surgery. The surgery costs about Rs.4 lakhs but Savithri could pool only 1 lakh through insurance claim. The founder circulated this message to those who are aware of Savithri since years including her present/ previous employers and pooled Rs.50,000 in no time. He also called ICOMM and NCC Managing Directors seeking a helping hand for the lady.

Dr. Kavitha and Sri Sumanth from ICOMM called Dr. Ramesh, Star Hospitals and ensured that surgery was successfully done. Dr. Ramesh considering her association with them, waived off the balance charges. Its yet another example of TEAM...Together Everyone Achieve Miracles... Rambabu was discharged from the Hospital very 3rd of his surgery and now doing well. Kudos to Dr. Ramesh, and Sri Sumanth, without them the surgery would not have been successful today. - **abhaya TEAM**

Mission Nukaraju

B. Srujana Bharathi approached abhaya seeking support for her father's treatment with the reference of S. Leelavathi, whose education is supported by abhaya for the past 3 years. Srujana's father B. Nukaraju, has been suffering from psoriasis from 3 years. Due to financial problems proper treatment could not be provided to him. With the help of abhaya, she could take her father to the City Hospital, Bangalore & also took complete medication for psoriasis suggested by Dr. Sacchidananda. As of now, her father is undergoing proper medication and he is gaining hope in life. She thanked abhaya for bringing a silver lining of hope in her father's life and in their family. Right now we understand from her that Nukaraju is doing very well... which is a miracle in front of their eyes! abhaya long term well wisher, Sri S Veera Sekhar, Swarna Mahal Jewelries, Bellary suggested about the Doctor and also came forward to support the treatment of Nukaraju. - **abhaya TEAM**

Mission Teena

Teena is recovering well under the care of her parents with the support of abhaya. She is visiting NTR Cancer Hospital every month regularly. Doctors expressed satisfaction about her health. Lets all pray for her - **abhaya Team**

Sirisha Divya

Sirisha and Divya were given physiotherapy regularly by Dr. Sudershan, who visits them every day at their home and spend about an hour for their treatment. The doctor assured a positive progress in the time of 10-12 months and he is working his best on the treatment. The progress is very slow, but we need to wait and see the effect of the treatment in long duration. It would be a great success for all of us, if both the kids start stand and walk on their own.

Hariprasad

Hariprasad is very regular at Sweekar for his physiotherapy sessions and had a great progress over past 6 months. He is very active now and responding to the treatment well. Their family visited abhaya in this month and expressed their gratitude for the extended support from abhaya. His father works as a laborer near Suchitra and earning about 5000 per month. His mother is taking complete care of Hari and taking him to Sweekar daily for his treatment. We hope he will be soon to normalcy and talk, walk normally - **abhaya Team**

Mission Sai Priya

Mission Harish

We request you for your kind help in treating our son Master Harish. He is 5 years old and he is suffering with Liver disorder. We have consulted many hospitals and finally admitted in Global Hospital, Hyderabad. They confirmed that Liver transplantation need to be done for him with an estimated cost of 25Lakhs. We are agricultural labors and can not afford the expenses. We have approached press for help and could able to pool 2 lakhs and also got 10 lakhs from CM relief fund. We request you to help us for the treatment. - **Venkateswarlu, Manjula**

Mission Lakshmi

Ms Lakshmi is the only bread winner of home working at a private company at Hyderabad. All of the sudden she complained about ach in her shoulders. Family members thought it is just simple issue and admitted at a Missionary Hospital. She was there at the Hospital without any clue for a month or so. Colleagues of her at office teamed up to help her different ways and they stood beside her pooling resources...abhaya also put in its hands with them. She is back to home now, but since last 60 days ... she is under medication and treatment, slowly recovering. abhaya wish to stand besides her with a monthly support till she joins her duty with normal health. Let us pray for health. - **abhaya TEAM**

Educare Update

GV Srikanth (Groups)

I am G.V.S.Kanth. I could join in coaching for Groups examination at Warangal with abhaya's help. I have joined the institute from 4th september 2015. My home is 60km away from institute so I have to wake up at 4-30am every day and I reach the institute in the morning after opting for different modes of commutation. I have to spend 2100 rupees to travel. This has become a hurdle for my education.

Also I need to purchase books for my coaching, which may cost around 3000/-. I don't have list of books need to be purchased at this moment, but will update you on the list and Price, once I got the details. I request you to please consider my situation and support me in this regard.

M.S. Abdulla (B.Tech)

Belated Happy Teachers' day. This month, I have completed my assignments in all subjects, which are Irrigation Engineering, Geotechnical Engineering, Design of Reinforced concrete structures, Engineering Geology, Structural Analysis -2 and performed well in the exams. We did plantation in our college this month. We celebrated teacher's day very well and also we have given gift plants to our faculty. My family members are doing fine with abhaya's support. But the sad part is that because of lack of rainfall crops could not sustain this year too. I am planning to join spoken English classes and I am very thankful to abhaya for the support.

Leelavathi (M.Sc., Ph.D)

I am fine and hope all abhayans are fine. I am attending classes and preparing well for the exam. I have been gathering information about research institutes and scientific information with the help of my professors. Recently CSIR/JRF/NET Notification was released and I have applied for the exam. I have consulted Dr. Saibaba Goud, Eye Specialist, Sai Jyothi Hospital, he suggested me to start using spectacles. I am so thankful to abhaya for taking care of my education and health like parents. I am so happy to be a part of the Independence Day event, My Bharath... My Breath. I was so amazed to see the performance of the whistle wizard Sivaprasad.

My friend Bharathi's father has been suffering from psoriasis disease since long time. They are from Kakinada. They are financially very poor and she is a Post Graduate, working as lecturer in polytechnic college and earning Rs. 9000/- while preparing for P.Hd. She was facing extremely difficult to manage the issue at home and her father's deteriorating health conditions due to meager sources. That is why I connected her to abhaya foundation for supporting her father's medical bill. Now, he is undergoing proper medication with abhaya's help. Am so happy to see the heavenly change in her life as her father is doing very fine with special treatment support provided by abhaya Foundation.

Sailatha (MBBS)

I am doing pretty good here and hope all abhayans are well and good there. I performed well in my recent internals when compared to previous one. Worked hard with heart with the motivation given by my adorable beloved uncle (founder) and felt satisfied to some extent in overcoming my lapses. After completion of my exams I went to Kurnool and Srisilam in order to offer condolence and prayers for the departed soul of grandmother in the ceremony. Visited all the holy places and felt wonderful divine time.

After exams, we continued to go to postings where I have posted to surgery. These found to be very interesting in 5th SEM than in 3rd SEM as we attained some orientation in applying knowledge clinically. This surgery is quite enthusiastic and different from other subjects, because the signs, symptoms, the visible wounds etc. that we observe in patient will be same to printed matter in book. I feel patients are the real books. So it is easy to remember.

At Out Patient Dept., we will be learning how to communicate with the patients, how fast should we respond to the condition of patient, how instantly we should treat the patient, discussing short cases with doctor. Due to repeated attempts that I made in presenting cases to the doctor made me to improve my flow. In wards studying long cases and discussing. At OT'S surgeons started explaining interestingly the anatomy and pathology while doing surgery. Mean while I will be capturing photos with the new smart mobile that was gifted to me by uncle. Using properly & carrying it in postings found to be useful .came across different cases like MRM (mastectomy), herniorrhaphy, phimosis, appendicectomy, varicose veins, etc., thus I involved intently in listening, working and applying.

Apart from these, started spending time in library, correlating and reading regarding subject and clinicals & Participating in preparations of spiritual exhibitions when I feel free.

Md.Arifuddin (MSW)

I am studying MSW course at PG College at Secunderabad under Osmania University. I successfully completed my B.Ed with the support of abhaya. My scholarship not not yet sanctioned. I wish to give back the amount given to me after receiving my scholarship. Right now my health is not well and that's why i was not able send the monthly report. Am extremely sorry, if I have done any mistake.

Sireesha (Agri B.Sc.,)

I am Sireesha, Trinity Academy of Agriculture; I am thankful to you, for your kind co-operation and help towards for my education. On Aug 20th we went to Bangalore Inter National Exhibition Center (BIEC). It is very important Exhibition. It is related to Agriculture., New Machinery for Agriculture, Food-grain production related Companies, Green House Construction, Cold Storage devises etc.,

It was a great platform to learn the subjects practically and obtain job opportunities. I was not feeling well. My health is not supporting me due to low blood, I unable to speak and walk properly. Since one month I was trying to be strong by taking medicines. But, my body did not support me the pain were very horrible and I was unable to tolerate. Because of this problem I went Home and I couldn't inform you sir.

I request you to please apologize me and kindly forgive me and give me a chance to prove myself. Sir I assure that this will not be repeated. I am very thankful to you sir for calling me and being so responsible for my future. I sincerely and heartfully thank abhaya FOUNDATION.

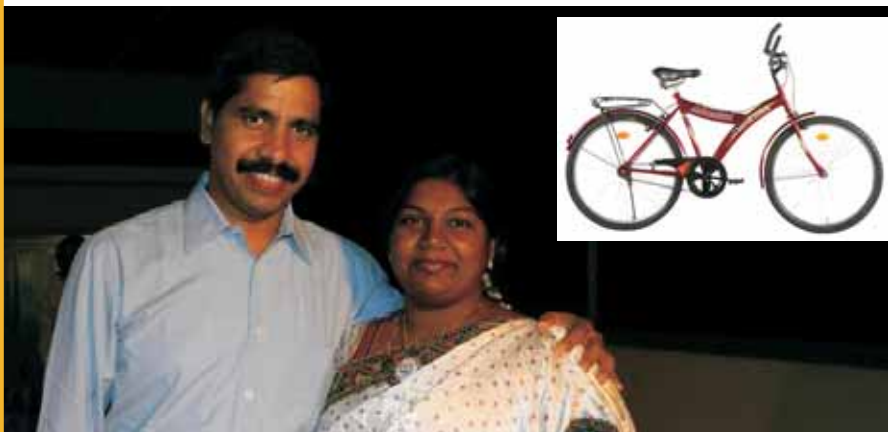

Naga Raju (B.Tech)

I met with Siva sir and explained the problems I am facing in paying college fee. My mother said that she is going to sell the land and pay college fee but unfortunately the land could not be sold, so she has planned to take debt with 3 rupees interest. I planned to get education loan from Andhra Gramina Bank. But it could not happen, as we have crop loan on the land and education loan cannot be sanctioned without any surety. I am completely confused about the situation and request you to help me out in paying my college fee.

Swapna Priya (B.Com, CPT)

I am fine here and my health is good. I am going to college regularly. As Tapasya college is in Lakdikapool, I am going by walk only to college which is causing energy loss and tiredness. And I am attending all the classes the faculty also supporting us. We don't have holidays on Sunday also we have weekly exams Monday to Wednesday college timing was 8:30 to 1:30 pm and Thursday to Saturday 8:30 to 4:30pm. We have break on 1:30 to 2:30pm it is lunch timing. There is no study hours in college. We have to prepare in home only. And I am not going to degree college. Tapasya college is very strict, friends are clarifying my doubts. After going to home I am revising my subjects what I have read in college. This time I am very much focusing. And keeping Interest about Studies.

Cycle by CS Roopavathi Vasu

Whats app video appeal for Cycle by Swapna Priya resulted in getting the responses from 10 abhayans across 3 states in minutes after posting. Many instructed abhaya to buy a new one stating that they will send the money. But, Ms Roopavathi called and very caringly said there is cycle at her home not used by any one. She took the trouble of sending that from Hitech City to abhaya Masab Tank. abhaya wish to express its gratitude for such kind hearted people. Its only due to such people alone...we are able to bring in the best support to those in need.

Vyshnavi (B.Tech)

With the support of abhaya Foundation, I have joined Sri Vasavi Engineering College, Tadepalligudum (Affiliated by JNTUK) in ECE group. Classes started on 11th July 2015. Later they declared Pushkar holidays

for 10 days. Thereafter the classes started, the faculty is good. I am able to understand all subjects. I have attended all the classes' till now without fail. So my attendance is 100%. Our college is providing temporary accommodation for "National Institute of Technology". We celebrated fresher's day party on August 27th 2015. The teachers are giving us regular assignments. Till now they have given two assignments in English. I have secured 4(out of 5) points in one assignments & 3(out of 5) points in another one. We also submitted Mathematics-II, Ethics Assignments. But we are not given any marks. Till now they did not conduct any tests for us. They have announced that 1st mid examinations will be started on 7th September. I am preparing well for the mid exams. I am promising that I will stand in Top 10 in class & I will work hard for that. I am also ensuring that I will participate in various programs conducted by college & will attend the meetings conducted by abhaya without fail.

Lavanya (Inter-CPT)

Hi abhaya, I am Lavanya, studying Inter II year in MEC group at Srigayathri College. I thank Rupam madam and abhaya for paying my college fee. I am studying well and regular to my classes. I have exams in this month and preparing well for those. I am trying to get good marks and stand in top 5.

Shilpa (8th Class)

Many salutations to abhaya and its board members. It is only due to your kind support am able to study well in 8th Class at Dayanand Public School, Hyderabad, The teachers are nicely teaching the lessons and making us to work on projects. I completed my work books and I have half yearly exams in the month of October 2015. I am preparing very well and am sure I will get very good marks in final exams as well. I wish to thank Sarswathy Amma for her kind empathy and I am assisting her in serving in the community hall. I am indebted to the Chairman and the Founder for the support given to me.

abhaya Kids at Sai Seva Sangh

Sri Devi, just got married to her own relative at village post completing her Class X as she crossed 18 years. Also continuing Inter 2nd year. Performance is medium. New Request for Support

My name is Addepalli Surekha. I am pursuing MBA 1st year at St. Mary's womens' engineering College, Budampadu, Guntur. My father is a fruits vendor because my parents were not able to pay the fees. I have completed my degree in 2014 but I didn't write the ICET entrance exam but the college given me the counseling seat only. College fee-

27000, Bus fee-10000, books-5000. I paid the half amount of the bus fees only. I'm not able to pay the remaining balance amount of fees. In my college, if we get above 80% in MBA 1st year, they said that the fee will be reduced in the 2nd year. So, I want to try scoring more than 80% in the 1st year. I'm average student but I am trying my best. Suppose I don't get above 80%. I don't know what to do sir. So please help the financial support to me for completiing my education. I hope for your kindness and consideration.- **Surekha**

(abhaya replied asking what the payable is and timelines for that along with her contribution and how much she can bare/ bring in for her fee. She do not have any idea as to how she can bring in about Rs.1,00,000/- for 2 years MBA Course. Waiting for her response in the said regard.)

“HEART” Awareness Update

Founder invited to address @ Arya Vysya Hostel, Musheerabad, Hyderabad

It was when, the Chairman Sri Meda Narasimhulu invited the Founder to visit the Arya Vysya Hostel where about 350 Students drawn from different parts of the country pursuing higher studies housed, The founder readily obliged to visit the hostel and briefly interacted with inmates of hostel. Sri Ganji Rajamouli Gupta, Chairman of the Hostel happened to be there at the session. He was inspired by the talk and suggested to have at least one session in every month for the benefit of students in the hostel. It happened about couple of months back.

During the last month, there were unto warranted incidents happened and the Chairman of the Hostel called for a orientation session for students. The Founder and Chairman of abhaya were also there. The Founder interacted with hundreds of students and provided them some insights as to how a student in the hostel is supposed to be.

The session raised the curtain for a monthly session for the hostel inmates. Accordingly, the Founder was called again to interact with them. After making the students of the hostel about the intent behind such sessions, the Founder took the first session during the last month. It was attended by just 50 students out of 350 students, but it created grate bonding between the Founder and participants. They created a Whats App group for on line learning and decided to have at least one session in 15 days during late evening hours. - **abhaya TEAM**

During last class we discussed about how to improve our communication skills. The focus was on "Self Introduction". I think was a great topic as the topic is of relevance for today's world. So many of youngsters, they know what they are doing but they don't know how to present it when someone ask them to say about themselves. So if we are attend such sessions, we will try to know many things which will make us better prepared in life. It was a wonderful session by Bala Sir on that day and happy spending time with him. Eager to have many more such interactions. - **Guptha, Arya Vysya Hostel, Musheerabad, Hyderabad**

Abhaya founder CS Balachandra Sunku, a divine personality who sacrificed his entire life for social service...The most beautiful image in the world is that of a genuine smile, a smile that naturally occurs in someone when we minimize their pain through our little deeds of selfless support and kindness. This is the precept behind abhaya: 'alleviation of suffering!' The small acts of help many times go a long way in bringing relief to someone who is acutely suffering in some way. Today I got an opportunity to meet BALACHANDER sir, It was nice experience to share my views, inner thoughts, experiences, strengths n weakness with sir and asked suggestions to overcome. Strengthened me by his VALUABLE suggestions that how to solve and overcome. Thank him for spending his valuable time with me. - **Dr S Srikanth, House Surgeon, Gandhi Medial Institute, Hyderabad**

Rural Development Update

If you can give an Auto I can lead my life with respect

My name is Babbile Ramesh and I am 40 years old. About 20 years back, I caught hold of High Tension electric wires accidentally while working in the agriculture field. With that accident, my back got severely affected and I lost touch below my vest. I cannot walk, even sit and was bed ridden completely. I dont even know when I pass urine, so using a urine bag always. We have taken treatment in NIMS, Hyderabad and KEM hospital, Mumbai, but nothing cured. Doctors also told that there won't be any treatment for this. I will be bed ridden for all my life. We spent all our assets on my treatment. Now we dont have anything except a small house.

I have a sister and presently she is taking care of me. We lost our father in 2000 and mother in 2013. Though my sister got married, took divorce to take care of my family after my father's death. She is doing some household

works and taking care of me. No politician or any government helped us. We are in very bad condition, not even have money for my medicine. We need about 4000 monthly for my medicine. One of our friend is supporting us with monthly ration.

Since last year, I am suffering from a wound on my back. It is not healing as I lost my touch sense. One doctor visits me frequently and look after the health condition. Our hand loans are increasing day by day and we dont have anyone to help us. If you can provide me an auto, we can give that on hire and will ea1rn some amount monthly. I can pool 20000 from my side and request you to help me in this regard. I seek your pardon for my mistakes in this request - **B Ramesh, Argul, Jakranpally mandal, Nizamabad**

abhaya Women Empowerment Center, Secunderabad - update

Tailoring and Fashion designing classes : Regular classes and particles are under progress and all the student beneficiaries are attending classes regularly, as this course duration is of 5 month and as per schedule time lines course in progress. The graduation ceremony is being planned to be held on 23rd November 2015 on the eve of Bhagawan Sri Sathya Sai Baba's 90th Birthday Celebrations. We wanted to offer our love with empowering women at his feet on that day.

Chairman with Founder visited abhaya Women Empowerment Center

Founder CS Balachandra Sunku with Chairman Sri Meda Narasimhulu visited the center during the Tailoring Classes to have a complete understanding about the work happening and They interacted with students about life skills.

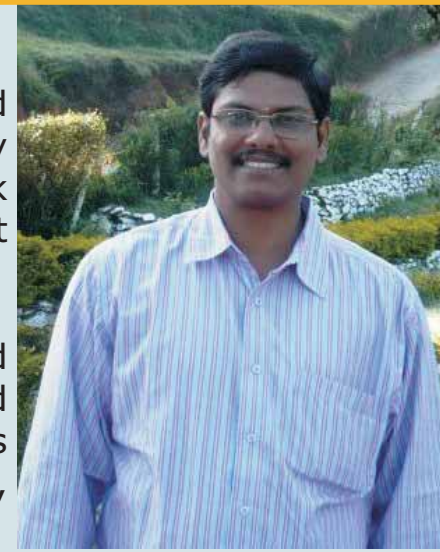

Job Mela : As suggested by the Founder , earlier we have planned to conduct to JOB MELA at our center in the month of September for the benefit of Unemployed youth of the area , but it could not be done because of the Vinayaka Festival and most of the youth connected to us are involved in it and suggested to have the JOB mela in October and Colony association elders also suggested the same. Hence we may be planning the same in next month after discussing with the Founder. Preliminary work about this program is in progress and concluded few meeting with local youth and colony association for their support. We are very Thanks full to the abhaya and the Founder for all the support and Inspiration. - **K Krishnaveni, Coordinator, abhaya Women Empowerment Center, Secunderabad**

Solar lighting at Suvidha Aashram

Now the work is almost completed lamp posts erection was and connections were done and wiring and installation of lights outside the hostel and kitchen and hall are done, Battery Connections and wiring and testing is going on ,Vendor has promised to complete whole work and hand over in next 2 days time, Yes there is delayed in completing the petty works (as most of the work is completed last month itself due to their technician became sick and recent rains)

So far we have paid the vendor Rs 1 lac and balance to be settled once the work is completed and after our site visit in the next couple of days. We sincerely convey our Thanks and appreciations to the Mr.Raja Kumar Kothamasu and Mrudula Kothamasu for their generous donation to the above Project and Support and inspiration from the Abhaya and Mr.Kasi V Rao, Co-ordinator, Suvidha Aashram - **K Rangarao, Coordinator, abhaya Foundation**

Transformation Update

Vijetha Madhuram did it differently in the name Lord Ganesha

Madhumohan, Member of Executive Committee of abhaya Home motivated all residents of Vijetha Madhuram Apartments to pool money in the name of Ganesha and consider to contribute to abhaya Home. Every one responded positively and contributed for the cause on the eve of Vinayaka Chavithi. They could not have installed Vinayaka idle in there apartments but they have instilled ideal for others to follow in realizing the true worship GOD in serving the needy.

I am feeling odd about myself while reading abhaya posts

I am B Satyaprasad, an IAS aspirant. I used to send my monthly reports an year ago and used to be in touch with abhaya, but due to some reasons I couldnot continue the discipline. But I am feeling something odd about myself while reading abhaya posts. I being one of the beneficiaries of abhaya, why I can't participate in the activities? I am questioning myself every time, while following abhaya on social media, I am transforming myself towards good. At present I am staying in Kukatpally along with my uncle and aunt. I wrote Prilims'2015 in the month of August'15 . This time I am very confident to crack Civils. For my financial needs I am working as home tutor. When I am reading about abhaya home of happiness, I am so happy for the Founder's dream came true within such short span. Day by day abhaya growing like anything , youth empowerment, skill development etc., Finally I am promising I will do my part in these things. I am saluting abhayans. - **B. Satyaprasad.**

I wanted to pool funds for abhaya

I happened to make a request in one of my B.Tech friends whats app group to join hands to give education to needy people in the last month. I came up with following action plan.

1. Create a monthly donation pool for Educare Projects,
2. Details of the student will be provided in my whats app group,
3. Fund will be given to a needy student with their consent,
4. Merit goals will be set to the student as per their educational status,
5. He can also seek guidance from the donors,
6. The fund available can be used for one or more students

I am open to hear any suggestion from anyone which would help to improvise the plan. Anusha and Dedhipya responded positively and I would like to implement the said plan from this month. - **T Karthik**

Study Chairs to Govt Hostel

Inspired by the Good work done by abhaya, one of the Beneficiary of abhaya Women Empowerment center Mrs. Sarada had came forward to donate 20 Study Chairs to Govt. Welfare Hostel, Bolarm, Bowenpally and abhaya co coordinator has facilitated the delivery. The Govt hostel is having about 50 children from very poor and under privileged and Hostel warden and children are very happy to receive the Abhaya team and chairs as they very useful for them particularly for higher class students, last year we have distributed Blankets in Hunt the winter program. Team Abhaya sincerely congratulated Mr. Rama Mohan Rao and Mrs.Sarada for their Good work and kind contribution. - **K Krishnaveni, Coordinator, abhaya Women Empowerment Center, Secunderabad**

Congratulations for the work done and all the best to reach more such needy targeted groups in Hyderabad. Chetana is the NGO working for the Training and Rehabilitation of the Persons with Intellectual and Developmental Disabilities since 2004. Our children needs support for their empowerment and to make them part of the inclusive community. We look forward to join in some programs. All the best. Greetings from Dr.Malathi K Holla. I am a regular reader of your News letter. It is just fantastic and a great salute with gratitude to abhaya and the Founder for the immense social work. No one can even think of becoming like you sir. God bless you and let the almighty gives you all his strength to transform the mankind by doing the human service.-**Dr.Malathi K Holla, Founder & Chair person, Mathru foundation, Bengaluru**

Is this the same abhaya Foundation, with whom I am associated since a few years ago? I wonder! When the DREAMS are turning into REALITIES, it is unbelievable, at least for people like me. From where to where it has

reached!! As our Founder rightly puts it, it is now going INTERNATIONAL and Bharat / Raji have already started propagating the cause of abhaya in Africa, to begin with. The events that are reported, with visuals, the responses from many VIPs, the Challenges undertaken are mind boggling, to say the least. What Herculean efforts are made by all the concerned (specially the FOUNDER, whether he admits it or not) to reach here!! Keep going FORWARD with Positive Thinking and Success will be surely yours, abhaya. I am moved by your gesture of including me in our "SoulDears" and sincerely thank you for the same. Praying GOD to give me strength to live up to your expectations. With Greetings - **EJP Prasad, Coordinator, abhaya RPL, Hyderabad**

Dear Srinivas! It was pleasure talking to you last week after a long time and good to know your career progress and social work you are doing. As mentioned to you I am currently President of Abhaya Foundation, the latest monthly news letter is attached for your reference. This was started by CS Balachandra Sunku and I have copied him on this mail. We would like you to associate with abhaya. I have spoken to Mr. Ramakrishna, CS of your company and shared our profile. - **CS Raghu Babu G**

My dear Balachandra, Glad to inform you that I have recently got Samsung Tab as also Beam Internet connection. My email I'd is chandrabhanuniyogi@gmail.com. You can hereafter send abhayafoundation newsletter as well as other Mailm to this email id. You can send this information to our other friends also. All the best - **Chandrabhanu, Retd Principal, Hyderabad.**

I would be very thankful to abhaya foundation that if am permitted to be one of the volunteer in abhaya. Thanks for your valuable support to me and I would like to work with your presence. If there is a chance for me to serve, I shall join you at any cost and i am ready to help. - **G. Vinod kumar**

Hello Bala garu, How are you? I am good and things are going well for me. I won't be sorry FOR NOT contacting you, because I have Abhaya on back of mind always. One day I will be able to support for the cause. My day will come. Sharath talked to me on happenings at abhaya Home briefly. I would like to help in the training piece. I would like to spend at least 5 hours a week. If there is definitive curriculum around Information Technology courses, please let me know so I can help. - **V Indira, abhaya Sankalp USA Team**
