

## 9th CALL FOR PROPOSALS FUNDING INNOVATION

### COMMON FUND FOR COMMODITIES (CFC) INVITES PROPOSALS SEEKING SUPPORT FOR COMMODITY DEVELOPMENT ACTIVITIES

The CFC is inviting applications for support of commodity development activities in its member countries<sup>1</sup>. Interested organizations are requested to submit their applications in the prescribed format.

The CFC provides a range of financial instruments for the support of business activities in the field of commodity development, including agriculture, minerals and metals in Developing Countries that, besides giving a sound financial return, also provide for a measurable social and environmental return.

To apply, please download and complete the **application form** according to **instructions**. Applications are to be made in English only as the CFC cannot provide for translation of proposals submitted in other languages.

#### OBJECTIVES OF CFC'S PROJECT FINANCING

The CFC supported activities promote the development of the commodity sector in CFC member countries and contribute to sustainable development in the following aspects:

- (i) Social: Create employment (particularly for youth and women), provide sustained increase in household incomes, reduce poverty, and enhance food security.
- (ii) Economic: Enhance production and productivity, achieve higher local value addition; improve competitiveness of producers, producer organisations and small and medium sized industries, support the financial sector development.
- (iii) Environmental: Enhance production taking into account the environment and its long term possibilities for the same, or increased use of productive resources while maintaining or reducing the impact on the environment.

The CFC supports implementation of activities along the value chain that:

- are innovative, scalable and replicable,
- are financially sustainable,
- have a potential measurable positive socio-economic and environmental impact on the stakeholders in commodity value chains as compared to the prevailing baseline situation,
- develop stronger connections with existing markets or create new markets along the value chain,
- increase financial or other services available for commodity producers and commodity based businesses,
- enhance knowledge generation and information dissemination, and
- build effective and cost efficient collaboration between producers, industry, governments, civil society organisations and other stakeholders for commodity based development.

## **ELIGIBLE ENTITIES AND COFINANCING REQUIREMENTS**

Eligible to apply under this Call for Proposals are all legal public and private entities that:

- operate in commodity value chains in CFC member countries or provide financial services to micro, small and medium sized businesses operating in these value chains,
- have a proven relevant track record of sound commercial operations in the proposed activities over a period of at least 3 years, which can be documented by means of (audited) financial statements, and
- share CFC's values, including internationally recognized principles concerning human rights, labour, the environment and anti-corruption as reflected in the United Nations Global Compact.

The amount of finance requested from CFC should not exceed 50% of the total amount required to execute the project. The balancing amount of co-financing is to be provided by the applicant and/or by other co-financiers. Such co-financing should be relative to the new funding requirement for the (investment) project. Sunk cost are not considered a financial contribution.

A thorough assessment of the co-financing available will form part of CFC's final due diligence verification.

## **MONITORING AND EVALUATION**

A suitable monitoring and evaluation system to assess the impact of CFC supported activity shall be an integral part of CFC financing. The baseline data for each activity is to be available or collected to demonstrate the effectiveness and impact of the activities before the activity or cooperation starts. At the completion of the activity an assessment of the outputs and development impact shall be made. In the interim, results are to be reported as compared to the planned objectives.
